

Questions - The Stone,

- 1) How would you describe the personality of the Stone?
- 2) In what ways does the Stone's experience differ from that of the other Witnesses?
- 3) Prior Witnesses have all been man-made. The Stone has only been 'crafted' by humans. What difference, if any, does that make to the testimony?
- 4) What does it mean when the Stone says that it's: "feeling pretty good about the way I was **used**"?
- 5) So long in one place; didn't get around much; little social contact; largely ignored. Suddenly the focus of attention. The only one to get the job done! Does our church have 'Stones' in it - solid, heavy, strong? How do we 'use' them?
- 6) "No longer hold bodies for ever" "We only hold them - until forever." Your thoughts?
